

TRIM KIT_RECESSED (AIRELIGHT SQUARE2 2.0)

TRIM KIT_RECESSED (AIRELIGHT SQUARE2 2.0)

DESCRIPTION

The Airelight Square2 2.0 Recessed Trim Kit provides an optimal solution for embedded lighting applications. Thoughtfully recessed to reduce glare and designed for ease of installation, the Recessed Trim Kit provides ultimate flexibility in the lighting design process. Using a simple spring clip system, the Trim Kit can be installed in dry wall, ceiling tile, and similar building materials. Once the trim kit is in place, the magnetic connection of the Airelight Square2 2.0 completes the installation effortlessly. Available in white, black and custom colors (e.g. Metallic Rust and Gun Metal Grey).

Applications: Commercial, Hospitality, Industrial, Retail, and Residential Environments
